

## PACESC NOW OFFERS RECORD KEEPING SERVICES!

By popular demand... We now offer record keeping services in THREE formats:

1. An Online Record Keeping Service
2. Our Hard Copy Record Keeping Service: Paper Copy
3. Our Hard Copy Record Keeping Service: E-Book

The **Online Record Keeping Service** provides our members with an **\$affordable\$**, simple, secure, offsite electronic storage and backup of important student records. No more worrying about computer crashes, or paper forms. This service allows you to keep attendance, course specifics, quarter or semester grades, final grades, test scores, lesson plans, extra curricular activities, and even immunization records. You can print out reports that include progress reports and report cards, lesson plans, and portfolios. You can even create and enter past years if you are not new to homeschooling!

We have worked very hard with the software developer to create a tool that will help our members comply with the specific requirements of the SC 3rd option homeschool law. This service also allows for announcements directly from PACESC and updates from HSLDA about our homeschool laws.

This service also provides PACESC with the ability to access the information we will need to generate transcripts from your records if requested. No more gathering together and sending in lengthy forms. Transcript services can be ordered directly from the site. We are very excited about this!

The **Hard Copy Record Keeping Service** provides a convenient record keeping system with the forms you will need to organize your student's records for the year. You will have to send your records into PACESC. This will give you secure, offsite storage of your important student records. PACESC will use these records to generate a transcript if the service is ordered.

Want the online format but don't have a computer? Not online? What about the library? Or a friend? Or a relative? You will have to enter records periodically. Consider of convenience and accessibility when making your decision.

### Note:

Due to the high level of responsibility and the time consuming nature of creating reputable transcripts, PACESC's Transcript Services and fees will not change.

The above Record Keeping Service options are provided at many member's request to help ensure compliance with SC law and to make record keeping simple and secure. Records submitted will be entered into a secure, offsite, electronic storage and backup site.

## HOW MUCH? ... HOW DO I SIGN UP?

### Online Record Keeping Service .... \$15.00 per year *for the entire family.*

**To sign up:** go to <https://homeschoolreporting.com/signup.php> and complete the form.
